BEST BET: Race 8 - #7 Bail Out

There are several top barns in attendance here in this race, but I really like how this colt by Arch is coming into the race. After a roughly four month layoff, he was beaten just a nose in his most recent start, which has since produced three next out winners. He's been training very well over the Gulfstream main track for Shug McGaughey.

LONGSHOT: Race 5 - #2 Hollywood Strike

My main concern with this horse is that a mile might be too short for him, but I like his natural early speed and versatility, and he's been in very good form lately. His recent numbers absolutely put him in contention, and he'll be a nice price for a horse that fits perfectly in this level race.
